Meet December 2012's gorgeous dogs of the month

Louie loves water, mud and humans - so Louie must be having a whale of a time at the moment, water and mud abound!

Puddletown Forest is one of Louie's favourite spots.

...whilst Patch and Bear's 'mum' tells us that for her the less water the better... a bit tricky then right now!

Patch and Bear are Jack Russell x pugs whose favorite place is Delph Woods and they also have a lovely time at Badbury Rings, the River Stour and Canon Woods.
