

Welcome to our September members.....

Jade

Liz describes Jade as 'an amazing, special girl'.

This 11 year old Border Collie walks in the woods and beaches and particularly likes Highcliffe and Hengistbury Head.

During the spring & summer months we're asked by local Rangers to inform people about where they need to be aware of birds nesting on the grounds on heaths or other specialised habitats - in autumn and winter it's the birds who flock to our Dorset coast who need extra care....

The flocks may be exhausted and hungry after long journeys or simply trying to survive the winter so we can help by keeping our distance and making sure our dogs do too, so they can feed and rest in peace. Find out more about them or do our quiz by clicking here!
